

do N key Coin Whitepaper

Bridging Real-Time Business with Blockchain

1. Introduction

do N key Coin is a digital asset designed to reward participation and real-time contribution within the do N key ecosystem — a decentralized mobility and delivery platform headquartered in India but designed for global scalability. This whitepaper outlines the coin's unique position as a hybrid model that integrates blockchain, real-world business activity, and digital mining — not through expensive infrastructure, but through value-based participation.

2. The Problem

- Traditional cryptocurrencies often lack real-world utility at the grassroots level.
- Mining is resource-heavy and inaccessible to the average individual.
- Most blockchain projects focus on speculation rather than daily contribution or community empowerment.

3. Our Solution: do N key Coin

Key Highlights:

- Patent-Pending Core Model
- Mining by Participation (not computation)
- Integrated with our mobility and delivery business
- Real-Time Coin Utility + Transparent Earning

4. How It Works

Ecosystem:

- do N key App (Android & iOS)
- Services: Ride-hailing, Parcel Delivery, Shop Commerce
- Coin Mining: Based on login, referrals, engagement
- Utility: Coin can be used for business subscription, merchandise, exclusive access (future stages)

Mining Mechanics:

- Daily Login = Earn Coins
- Referral = Earn Coins
- Active Orders = Earn Coins

5. Technology

- Blockchain: Secure ledger for mining records & user balances
- Cloud Architecture: Real-time transaction & stats tracking
- In-app Wallet: Tracks mined coins, usage, and value growth
- No High Energy Use: Green & mobile-friendly approach

6. Vision & Mission

Vision:

To decentralize economic opportunity through a scalable, transparent, and community-driven business model.

Mission:

Enable at least 28,000 micro-entrepreneurs across India and expand globally – with mining incentives, low-barrier entry to business, and sustainability-focused operations.

7. Tokenomics

Category	Allocation	Description
Community Mining	60%	Earned by users via app interaction
Strategic Partnerships	15%	Brand/tech collabs, regional tie-ups
Development Reserve	10%	Tech upgrades, platform scaling
Founders & Early Team	10%	Locked & vested
Marketing & Expansion	5%	Campaigns, events, influencer tie-ups

Mining Mechanics:

- Daily Login = Earn Coins
- Referral = Earn Coins
- Active Orders = Earn Coins

5. Technology

- Cloud Architecture: Real-time transaction & stats tracking
- In-app Wallet: Tracks mined coins, usage, and value growth
- No High Energy Use: Green & mobile-friendly approach

6. Vision & Mission

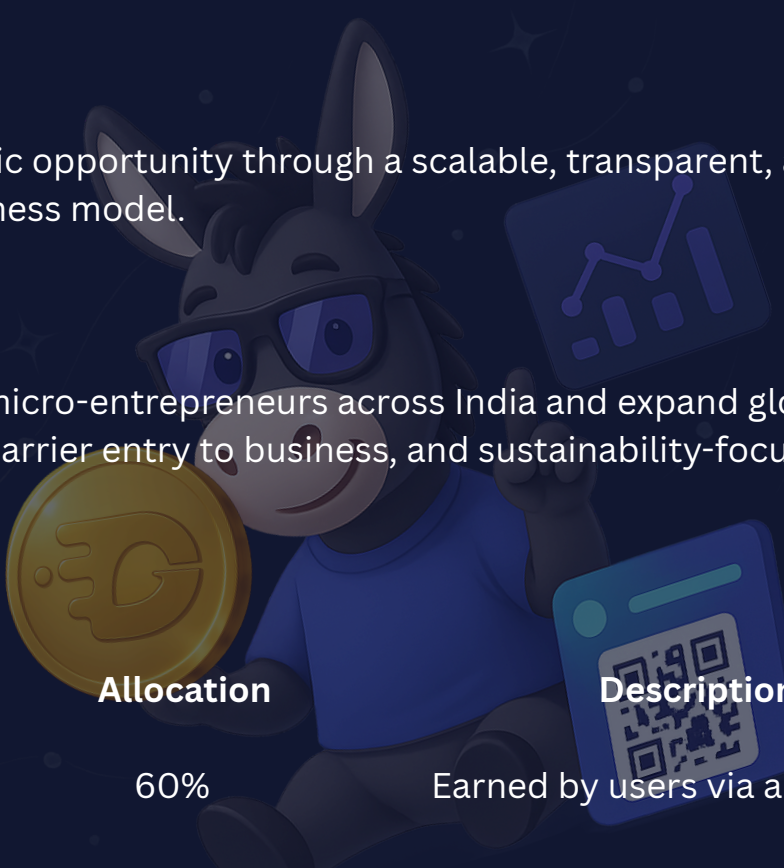

Vision:

To decentralize economic opportunity through a scalable, transparent, and community-driven business model.

Mission:

Enable at least 28,000 micro-entrepreneurs across India and expand globally – with mining incentives, low-barrier entry to business, and sustainability-focused operations.

7. Tokenomics

Category	Allocation	Description
Community Mining	60%	Earned by users via app interaction
Strategic Partnerships	15%	Brand/tech collabs, regional tie-ups
Development Reserve	10%	Tech upgrades, platform scaling
Founders & Early Team	10%	Locked & vested
Marketing & Expansion	5%	Campaigns, events, influencer tie-ups

8. Roadmap

Milestone	Timeline
Business Model Finalized	✓ Completed
Mobile App Launch (Taxi & Delivery)	✓ 2024
Patent Filing	✓ Completed
Coin Introduction in App	2025 Q2
Partner & Rider Dashboard	2025 Q3
Coin-Based Subscription Activation	2025 Q4
Tier 2 & Tier 3 Expansion	2025 - 2026
Shop Listing	2026 Q4
Exchange Listing	TBD

9. Revenue Model

- Ad Monetisation (Live Stats Page)
- Subscription Fees (Acceptable in Coin in future)
- Partner Merchandise
- Business Integrations

10. Legal & Regulatory

- Patent-Pending business model
- Coin is not listed or tradable yet
- Strictly utility-based until community-led governance evolves
- Complies with India's tech and financial guidelines

11. Conclusion

do N key Coin is more than just another token — it reflects real effort and value from real users in a functioning business ecosystem.

We're not promising hype. We're building a sustainable model where growth means shared wealth - not speculation.

As global markets shift toward decentralized systems, do N key Coin stands as a participation-based alternative backed by real-world services.

Join the journey. Mine value — not just coins.
